

Dot

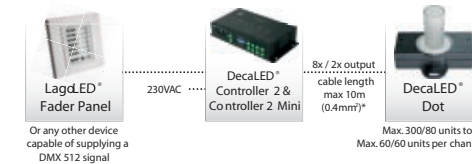

Deca LED® Dot Product Specification	
Code	95102249
Description	DecaLED® Dot
Type	DECA.Dot.RGB
Operating voltage	12VDC
Current	50mA
Power consumption	600mW
Max.chainable	60 pcs
Current at max. chain	3A
Power consumption at max. chain	36W
Control	DecaLED® Controller 2 / Controller 2 Mini
Max.per controller	300/80
Max.per output	60/60
Luminous intensity	1.3ca
Housing	Polycarbonate with UV resistance
Dimensions	78 x 66 x 60 mm
Weight	50g
LED properties	SMD three-in-one chip
Expected lifespan	50.000 hours
Note	Two optional lenses

The DecaLED® Dot is a new product within the DecaLED product range. With its unique modular features, the DecaLED® Dot offers powerful colour mixing possibilities in the supplied cone.

In addition, the DecaLED® Dot is multifunctional and an ideal solution for countless applications. The well thought-out design of the cone and housing makes attaching it to ceilings, walls or floors simpler than ever before. Furthermore, the well-proportioned cone makes sure that surfaces are illuminated homogeneously.

The DecaLED® Dot is supplied with housing, small cone (see image) and integrated RGB LED. Controlling the dot is made easy with the DecaLED® Controller 2 (12V), and when needed, the LagoLED® Fader or Wall Panel offer unrivalled ease of use.

The DecaLED® Dot is also available with a large cone, various link cables and starter cables.

* For installations that require longer cable length please contact your sales representative or calculate this using the product information.
