

Universal Profile

The white (RAL9010), powder coated, aluminium DecaLED® Universal Profile can be used to house almost any LagoLED and DecaLED® strip or modular product. This includes LagoLED® (DMX-i) RGB Strips, DecaLED® RGB Modules and strips, DecaLED® Flex (HD), DecaLED® Cove Flex, DecaLED® Neon Flex and even DecaLED® Square modules.

The DecaLED® Universal Profile is available in widths 20mm and 40mm. It is fitted with a clear or diffusing frosted acrylic for a unique light line and mounted on nylon mounting clips. A single profile can have a standard length of 6m, but can be truncated to any desired size.

The DecaLED® Universal Profile delivers an esthetically pleasing and dependable solution for almost any architectural challenge.

Deca LED® Universal Profile 20mm Product Specification	
Code	95780600
