

# Color Bar 18 RGB

The DecaLED® Color bar is one of the most advanced LED lighting systems on the market and is designed for lighting walls, spaces, objects, facades and large shopping windows where LED lighting is applicable.

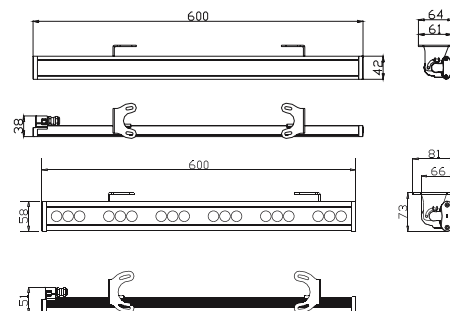

The DecaLED® Color Bar 18 can be used stand-alone or controlled remotely using the DMX protocol. It's very simple to adjust the colour of the DecaLED® Color Bar 18 by using one of the LagoLED® control panels. Other control options are also possible, provided these are based on the DMX protocol. By using multiple colours you can quickly create an ambience and by adding a control panel, you can also change ambiances and colours.

Available in various configurations with or without optics, a wide variety of applications is possible. We are also able to produce and supply the DecaLED® Color Bar 18 with custom made optics for special projects. Also supplied are mounting brackets which allow for easy installation at an angle of up to 180°.

The price of the DecaLED® Color bar 18 is without a doubt very competitive. This makes the DecaLED® Color bar 18 a great choice for various markets looking for a solution to decorate buildings and outdoor projects with lighting.

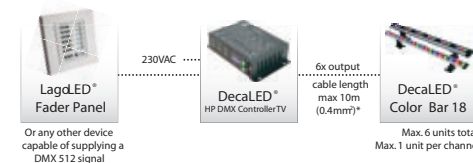

For outdoor Color Bar products we refer to the new DecaLED® Color Bar 36 on page 73.

Deca LED® Color Bar 18, with lenses Product Specification	
Code	95153909
Description	DecaLED® Color Bar 18, RGB, 60cm, with lenses
Type	DECA.BAR18.RGBL
Input voltage	24VDC
Current	3 x 350mA
Power consumption	20W
Chainable	1
Current at max. chain	3x 350mA
Power consumption at max. chain	20W
Control	DecaLED® High Power DMX Controller TV
Max. per controller	6
Max. per output	1
LED properties	1W Luxeon LED 10 x 35° lens
Dimensions	600 x 81 x 73 mm
Weight	1800g
Note	RGB

Deca LED® Color Bar 18, no lenses Product Specification	
Code	95153919
Description	DecaLED® Color Bar 18, RGB, 60cm, no lenses
Type	DECA.CBAR18.RGB
Input voltage	24VDC
Current	3 x 350mA
Power consumption	20W
Max. chainable	1
Current at max. chain	3 x 350mA
Power consumption at max. chain	20W
Control	DecaLED® High Power DMX Controller TV
Max. per Controller	6
Max. per output	1
LED properties	1W Luxeon LED 10 x 35° lens
Dimensions	600 x 54 x 60 mm
Weight	1200g
Note	RGB

## Accessories

\* For installations that require longer cable length please contact your sales representative or calculate this using the product information.
