Armchair and pouf, the two versions of Chubby represent a seating project conceived by Marcel Wanders for SLIDE. With Chubby, the famous Dutch designer makes the precious Crochet Chair, produced in a limited edition, available to the general public, and enriches the offer by adding Chubby Low, the pouf with a shape reminiscent of the natural impressiveness of a smooth rock.

Both made in polyethylene by means of rotational moulding, Chubby and Chubby Low are available in a selection of finishes: lacquered, total white, in green, orange, red and grey. The two versions and the different finishes make Chubby a winning solution for an impressive décor featuring the most innovative design.
